Yesterday I saw in the glow of clubs light,
I asked how it’s going and you answered all right!!
I tried to made feel that I’m crazy about you,
and all the dreams we have could be true.
is this love or not i do not even know,
and I’m so afraid that you just can go.
I want to find a place in your beautiful heart,
Let’s go dance Flore it’s a right time to start!!

Baby let me be your boyfriend tonight!!!
I will do my best for all the night.
Baby would give me only one chance?
To follow you in the magic of dance.
Baby let me be your boyfriend to night!!
You can be the only queen of my life,
Forget about the troubles you had a day.
Come with me and I will show you right way!!
For now I can’t stop to make you are mine,
You have said that you like me say it more time.
The language of the body will say it right !!!!
And to be with you I’m ready to fight.
There’s no need a words baby just believe,
That without your smile I have no reason to live .
Now it doesn’t matter how long will it be,
move your body girl it’s all that we need.
